Mr Neil Haldar is a full-time Consultant Urological surgeon in Buckinghamshire. He graduated from King's College School of Medicine in 1992 and was a demonstrator in anatomy at Guy's Hospital, London before joining the Oxford Junior Surgical training scheme.

In 1997, he was awarded the Allinson Foundation Research Fellowship from the Royal College of Surgeons and undertook a Master's degree at the Nuffield Dept. of Surgery in Oxford. Mr Haldar then went on to complete his higher surgical urology training in Oxford and undertook further visiting fellowships at the Cleveland Clinic, Ohio and Nantes, France to develop his specialist interest in laparoscopic urology.

In 2005, he was appointed as Clinical Lead in laparoscopic urology to Bucks Healthcare Trust.
